Otázka . 5

I'm Martin and I live in Berlin with my parents and my sisters. I'm the youngest in my family. I'm 13 years old. My sisters are Ina and Betty. Betty is the oldest. I go to a nice school not too far from our home and I really enjoy it. I have a lot of friends there and I enjoy studying. My favourite subject is Geography, probably because it's the easiest too! My most difficult subject is Maths - I'm not very good at it. I like PE, because I love playing sports, especially basketball. I'm the tallest player in our school team and I usually play really well. It's the happiest part of my day. At the weekend I spend a lot of time with my friends Ralf and Kurt. We do everything together and they are the most important people in my life, apart from my family of course!
